

📅 09/2012 to 03/2013

👤 → TimeLab

# 3 → Workshops

📄 Content

Implementation of 2 workshops

- 1 with Timelab + 1 with ITD
- RepRap building (from a kit)
- Food workshop
- MiniCNC (kit TimeLab)
- Robots (ex. Twitchie, jumper robot)
- Mobile tweaking
- Light wheel
- Metal engraving with CNC
- Arduino's hacks

Documentation of the 2 workshops by Greta

🔧 Productions

2 workshops described and documented [EN, FR, ES, CA, NL]

- ① Organisation
- ② Objectives
- ③ Schedule
- ④ Key skills targeted
- ⑤ Evaluation
- 🎵 Photo and video

One workshop is directly organised with the support of TimeLab, the other with the support of ITD

Evaluation of the workshop

- the development of key competences
- the perception of learners and trainers
